Mayor's Message

To the Citizens of the City of Rutland:

As your Mayor, I am pleased to submit my seventh Annual Report.

As we commence our Fiscal Year 1979 - 1980, we face many challenges, such as higher operating costs, energy problems and the ever present increasing inflation episode, but you have my assurance that I will do everything reasonably possible for the betterment of our citizens and our city.

As usual, budgets for the ensuing year had to be prepared and consultations with the various department heads took place. This year, more than ever before, I was particularly hardnosed to keep our operating expenses and needs to the bone.

As you know, there are many established expenditures that are locked in, over which we have no control. My goal, as always, is to keep our tax rate as low as possible which, of necessity, makes for a tight budget. Nevertheless, we will maintain all those necessary services to the best of our ability.

We finished Fiscal Year 1978 - 1979 with a surplus of only about \$88,000.00. This is considerably lower than the previous year, which was approximately \$296,000.00. Last year this latter sum, together with a windfall from sewer income and Federal Anti-Recessionary money, accounted for the great savings in our general budget, that helped make possible our low tax rate. I would again call your attention to the recent new Union contract for increased wages in the Department of Public Works. Considering the latter, lower surplus and inflation, our tax rate for Fiscal Year 1979 - 1980 will be higher, even though we used \$640,100.00 from Revenue Sharing which is by far the largest amount ever utilized for our tax base. We will operate the ensuing year on a tight budget, to be sure, and, considering the overall

situation, our tax rate for Fiscal Year 1979 - 1980 will be \$4.34. Believe me when I tell you we stretched every possible area for savings and we made every effort to keep our tax rate as low as we could.

I am happy to inform you that our Central Business District is alive and well. Various improvements to buildings have given our downtown a new look. There are still some building projects going on which, when completed, will further give our business area a greatly improved appearance. The Opera House, formerly the Economy Store, is now partially opened and doing business and, from what I gather, there will be other new tenants to fill all the space for retail business. The office space portion of the building is rented about 95%.

The Opera House has given our downtown a new perspective and we hope that all tenants do well. Paul Bienvenu and his associates are to be congratulated for a job well done.

Regarding the Rutland Town Industrial Sewer hook-up; after many meetings with the Department of Public Works Committee, the City's and Town's Attorneys, the Board of Aldermen and your Mayor, a Contract was finally adopted unanimously by the Board of Aldermen on May 21st. A few days later the majority of the Selectmen of Rutland Town accepted and signed, and on May 30th your Mayor finalized the Contract with his signature. Happily, this situation came to a satisfactory close. I trust our relations with the Town and its Selectmen will be more harmonious in the future, so we can work together for the common good.

On May 21st the first Tax Stabilization Program was granted by the Board of Aldermen to the Kors Corporation, a plastics manufacturer, that occupies a building in the old Patch-Wagner complex. This agreement covers the taxes to be paid by Kors over a ten-year period on their inventory and equipment. There were many meetings held with the Mayor, other City Officials and Kors before an agreement could be resolved and a contract was finally consummated.

On October 20th the 46 Union members of the Department of Public Works went on strike which lasted for 15 days. This was the first time in the City's history that employees of the city left their jobs. Negotiations with the Union were going on and an impasse developed. However, the strike ended December 3rd and a Department of Public Works Union agreement for a 2½ year Contract was finally reached and adopted by the Board of Aldermen. This was officially signed on December 6th. You should be aware that the new Contract called for wage and benefit increases.

Last November we were notified that the Vermont Supreme Court found in the favor of the City on our appeal from the Environmental Board's decision to permit the Mall to build a Sewage Disposal Plant. Our City Attorney, Robert Broderick, presented a strong case for the City and won. The matter now is in limbo.

On June 30th last, our City finalized the purchase of the Willow-Edson Parking Lot from the Rutland Industrial Development Corporation when the last payment of \$4,000.00 was made.

Last July your Board of Aldermen voted the prohibition of any nuclear facility construction and/or operation or disposal of any materials from such an operation within City limits.

On August 8th, Shirley Leonard, one of our Meter Maids, was presented with a Special Plaque of Commendation for her alert action in saving the life of a woman who collapsed in Depot Park.

Last January I appointed Sharon Merrill, of 92 Meadow Street, as Service Officer for the City of Rutland. She operates in behalf of the City when all other Welfare offices are closed, such as, weekends and holidays.

I was pleased to appoint Robert Seager and Nicholas Barone to the City Planning Commission. They will fill the unexpired terms of William Gilman and Wayne Edson, 1981 and 1982 respectfully. These two public spirited gentlemen are to be congratulated for accepting this important assignment.

It was a pleasure to reappoint Guido Rotella to a new 5-year term beginning May 21st to the Rutland Housing Authority Board of Commissioners where he has done an outstanding job.

Both the Police and Fire Departments Union Contracts expire at the end of 1979. Robert Broderick, our City Attorney and Union negotiator, has had numerous meetings with representatives of both departments, without results. A Federal Mediator joined the meetings with the Fire and Police Departments and matters are at an impasse. On May 14th the negotiating team met with the Federal Mediator in an attempt to resolve the impasse existing between the City and the Police Unit AFL-CIO. The City indicated to the Mediator that our position had not changed as to wages and benefits since the last negotiating session. Where upon, Attorney Biederman stated to the Mediator that he was not interested in continued mediation attempts. Therefore, mediation has failed. We now move to the "fact-finding" stage.

A previous Federal Grant for \$682,000.00 for a water improvement project was completed last November. A 20-inch main from the reservoir to the chlorine house was installed. Also, a 12-inch main on State and West Streets, as well as Columbian Avenue. They were all connected in the General Electric Company area. This necessary installation will make for greater pressure and flow of water serving those several areas of our city.

Improvements and additions to Monsignor Connor Memorial Park have been completed. This summer its utilization of the various play facilities for children, teenagers and adults should be enjoyed to the fullest degree. A new driveway and parking lot has been installed. I suggest our citizens visit the Park and see what a beautiful recreation area this is.

On September 9th last, we received final approval from HUD for a \$855,000.00 Grant to be funded over a period of three years, for our Southwest Neighborhood Project. Ted Cacioppi was instrumental in securing this Federal funding and will manage and oversee this program. Last year Ted was able to rehabilitate some 39 houses in this area. Beginning in the Spring of 1979 the project again got under way. This program is one of great importance and necessity to our low-income and elderly home owners who are unable to meet the expenses of making their living quarters safe and meeting present building codes.

The Recreation Department has received a Heritage Conservation and Recreation Service Grant, (BOR), which will further develop the White Playground area. Definitive plans and specifications for this project will soon be put out for bid and it is possible we may start construction some time this Fall and, hopefully, complete the project by the summer of 1980. You will be interested to know that there will be 3 new tennis courts and the reconstruction of 2 others, 2 basketball courts, apparatus and pre-school play areas, a wading pool, 2 platform tennis courts, improvements to the swimming pool deck, renovation of the bridge, landscaping and seeding, plus trees and shrubbery. Steps will also be installed for the handicapped. The overall Federal, State and City's funding amounts to \$185,000.00. When this project is fully completed, it will make White Playgrounds a well rounded recreation area for all ages and enjoyment.

The rehabilitation of State Street is delayed. I was told the project would commence this Spring or Summer, but I understand now that the State has some problems with rights-of-way, etc. This project is entirely in the hands of the State and their time schedule now calls for 1980. There is a similar situation with the Ripley Road Crossing. This job could possibly start later this Summer and be completed next year.

You have no doubt read about the Center Street Alley Project. There have been many meetings for the past two years, and planning by the Downtown Development Corporation and City Hall. The situation has cleared sufficiently and firmed up which will entail the rehabilitation and beautification of the Center Street Alley. This Project, when completed, would become a viable commercial and cultural asset to our Central Business District. The success of this Project depends on Federal assistance and their funding is imperative if we are to realize the end result.

Tentative plans for the Project have been drawn up. Ted Cacioppi has been involved with this Project for a long time and has prepared a pre-application which was forwarded to the Federal Philadelphia Office of EDA in mid-May. The estimated cost of the Project is \$600,000.00. The City, hopefully, will be the recipient of funding in the amount of \$480,000.00, and the City's share of \$120,000.00, will come from Revenue Sharing. We are looking forward to a satisfactory response to our pre-application, whereby Ted will then be in a position to prepare final applications and plans for the operation of the Project.

We got the green light from EDA and since early June we have had countless meetings with abutting property owners in the Center Street Alley area, rights-of-ways and other pertinent factors were finalized on the morning of July 13th. Final applications and plans were submitted to EDA by Ted Cacioppi on the afternoon of July 13th, which was the final due date. We now await further advice from the Economic Development Administration Agency.

On July 2nd, Chief of Police Stuart Jenne resigned, to take effect July 14th. His health has not been good for some time.

In his letter of resignation to the Mayor, he stated that since recovering from his most recent illness he found it difficult to handle the day-to-day strain of his office and was less confident of achieving the goals which he set for the Department. Therefore, in the best interests of himself and the City he chose to retire early.

He also stated he would be eternally grateful to the City for the opportunity to serve as Chief.

We wish him good health and happiness in his retirement.

Charles E. Spoon, Captain of the Police Department, was designated Acting Chief.

Rutland was saddened by the demise of William B. Franke, Retired Secretary of the Navy. Mr. Franke was one of Rutland's outstanding citizens and participated in many cultural and charitable projects. He will be missed by countless people. Our heartfelt sympathy to his children and grandchildren.

My thanks to the President of the Board of Aldermen, Allan C. Merritt, members of the Board of Aldermen and all department heads for their understanding and cooperation and their dedication to City affairs.

To all City employees, my thanks for a job well done.

My appreciation to Lew Salander, my administrative Assistant, for his untiring efforts and assistance in the operations of my office.

Respectfully,
GILBERT G. GODNICK
Mayor

This Annual Report is respectfully dedicated to

Honorable Dan J. Healy

5 term Mayor of our City

Letter Of Transmittal

Fiscal Year 1979 - 1980 City Budgets

Honorable Board of Aldermen
City of Rutland, Vermont

Ladies and Gentlemen:

Pursuant to the requirements of Section 83 of the Charter of the City of Rutland, I herewith submit the budgets for the various departments for the ensuing Fiscal Year, 1 July 1979 to and including 30 June 1980.

I spent a considerable amount of time with every department manager regarding their budgets and their needs for the upcoming year. All their funding was discussed and we tried to hold the line where possible and only budget those items that were necessary and important.

As you know, there are many things that the City buys and we are more or less locked in as to price, which is beyond our control. Unfortunately, inflation is still with us and climbing and this situation, of course, increases our costs.

Relative to our insurance costs for Fiscal Year 1979 - 1980; please note that the Comprehensive coverage and Workmen's Compensation, as well as Blue Cross/ Blue Shield, will increase about 10%. Our Pension Plan will go up slightly and our Longevity Program keeps moving up.

I recommend for your consideration that the City of Rutland allow its employees 17¢ a mile, instead of the present allowance of 12¢ a mile, when they use their personal cars for official City business. With prices on gas quite high and climbing, plus depreciation, 17¢ is not out of line. I understand that Vermont's State Government, as well as many local cities and towns, permit the 17¢ rate.

As we commence Fiscal Year 1979 - 1980 I see many challenges confronting us. Let us vow to work together for the benefit of our City and all its inhabitants. Let us strive to make Rutland a greater city in which to live, work and play.

Respectfully,
GILBERT G. GODNICK
Mayor

Alderman

City of Rutland, Vermont 05701

Honorable Gilbert G. Godnick
Mayor, City of Rutland
City Hall
Rutland, Vermont 05701

Dear Mayor Godnick:

The Revenue Sharing Committee has met and concluded its deliberations. The Committee's recommendations are submitted with this letter of transmittal as a negotiated consensus.

The \$25,000 recommendation under Governmental Contingency is to serve as possible capital program needs, possible participation in a partial funding program for an elevator for the library, if a campaign for private and public donations is attempted, or the beginning of a sinking fund for future equipment needs.

Also, we are uncertain at this time about the total cost of insulating the attic at City Hall, which is lacking any insulation. An effort in this area should provide us with future returns in fuel savings.

Thank you for your cooperation.

Respectfully yours,
PETER GOSHGARIAN, Chairman
Revenue Sharing Committee

To The Honorable Board of Aldermen and Mayor Gilbert G. Godnick

The Revenue Sharing Committee recommends the following appropriations from Revenue Sharing Funds available for Fiscal Year 1980.

	1978 - 1979 Appropriations	1979 - 1980 Request	1979 - 1980 Appropriations

City Clerk

Honorable City Council
Rutland City, Vermont

Mayor Godnick, Ladies and Gentlemen:

Submitted herewith as required by Vermont Statutes Annotated, the City of Rutland Charter and Ordinances is the report of activities of the City Clerk and Purchasing Agent.

This has been a "catch-up" year for our office. As you may well remember we were at long last relieved of selling Food Stamps after 10 long years. We are proud to have performed this extra duty for so long. All personnel sold food stamps at some time or other but none so loyal and faithful as Catherine Walsh, Director of Food Stamp Division.

Our office is still in the coupon business however in that we are the distributing point for sale of so-called dump stickers which over \$50,000.00 was received this past fiscal year.

Recording of all types has decreased only slightly which is I presume partially due to tight money and inflation.

Our office is the office of the Purchasing Agent. This very busy function of city government is not found in many large clerks offices. We issue several thousand purchase orders and requisitions each year. We try to the best of our knowledge to keep our business with firms here in the city. Bids requests go out on any item \$500.00 or more. On road salt and several other items we receive the same price as does the State of Vermont.

On June 18th of this year our office, the office of the city treasurer, and the office of the city attorney were victims of a serious water leak from the office of the city attorney in the main part of the building. This leak was discovered around 6:30 a.m. on the 18th. It is assumed that the water leaked into our offices over most of the weekend. With the strong water pressure at city hall it is safe to assume that well over 10,000 gallons of water cascaded in both the city treasurers office and the city clerk. Fortunately the very important records in both of our vaults were not damaged. At present we are awaiting the final item of repair which is a serious mildew problem in our vaults and if not taken care of properly will slowly work its way into bound volumes and documents. We only closed a part of one day during all the problem. The treasurer and myself certainly appreciate all offers of assistance and further the help of other departments. Our special thanks to Chief Barron for his knowledgeable assistance with the fire alarm system in our offices.

My thanks to Mayor Godnick and the Board of Aldermen for their understanding support of the Office of City Clerk.

This year saw a very busy Board of Aldermen of which the clerk is secretary of. Many Special meetings were again held by the Board of Aldermen including Public Hearings and Committee Sessions. The Chamber featured a new look with complete refurbishing. The new carpet is effective for noise control. Three new and youthful members of the board appeared on the scene in March of this year and these young turks voices are being heard on the floor and in committee. Alderman Howard H. Shortsleeve was taken ill this year and has been unable to attend meetings. We know the people of Rutland wish the hard working veteran well.

I deeply appreciate the efforts of our personnel during our crisis. It was a difficult time for them. They rose to the challenge.

JOHN W. BARRETT
City Clerk & Purchasing Agent

HOURS AT CITY LANDFILL

Monday through Friday — 7:45 AM - 2:30 PM
Saturday — 8:00 AM - 12 Noon

Stump Dump hours —

Monday through Friday — 9:00 AM - 12 Noon
— 1:00 PM - 3:30 PM

Saturday — 8:00 AM - 12 Noon

Stump Dump is for materials originating in Rutland City only.

Closed all day Sundays, and all Holidays.

Further information on the City Landfill operation is to be found in the Department of Public Works Annual Report.

OFFICE OF THE CITY CLERK
REPORT OF VITAL STATISTICS

For the Calendar Year 1978

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during the year 1978 was as follows:

Total number of births registered in 1978 796

Total number of deaths registered in 1978 529

Total number of marriages registered in 1978 239

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for the calendar years, we are unable to report for the fiscal year covered by this report.)

cated

An Act
to incorporate the
City of Rutland.

approved November 19, 1892.

Witness my signature and
the seal of this office at BUR-
LINGTON this First day of No-
vember, One Thousand Eight-
hundred and Ninety Three.

Chauncy W. Brownell
Secretary of State

City Treasurer

To the Honorable City Council
Rutland, Vermont

Gentlemen:

I present herewith the 1979 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1979.

All debt requirements of the City were met promptly during the year. Serial bonds totaling \$175,000.00 were retired. Payments of \$4,126.21 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$75,349.00, of which interest amounting to \$38,226.50 was paid on outstanding School Construction Bonds.

GENERAL FUND: This fund is financed by revenues from general property taxes, licenses, permits, fines, revenues from other agencies, charges for current services, and other miscellaneous revenues.

During the fiscal year ended June 30, 1979, revenues actually received were \$37,392.70 greater than budget estimates, and expenditures were \$95,391.40 less than budgeted appropriations.

SCHOOL FUND: During the fiscal year ended June 30, 1979, revenues actually received exceeded budget estimates in the amount of \$680,578.23, and expenditures were \$557,782.00 greater than budget appropriations. As of June 30, there was a surplus in the amount of \$122,796.23.

REVENUE SHARING: During fiscal 1979, the City received \$792,949.00 in Revenue Sharing Funds, and interest earned amounted to \$79,292.06.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as of June 30, 1979.

Summary statement of cash receipts and disbursements presented as Schedule I, summarizes the activity of the various funds during the fiscal year ended June 30, 1979.

Respectfully submitted,
W. J. SIMONDS
City Treasurer

Auditor's Report

The Honorable City Council
City of Rutland, Vermont

Ladies and Gentlemen:

The audit of accounts and financial records of the Treasurer and other offices of Rutland, Vermont, for fiscal year July 1, 1978 to June 30, 1979, was conducted by the firm of A. M. Peisch. Your auditors concur with their findings.

Examination of the accounts and financial records of the School Department was conducted by your auditors. This examination was made in accordance with generally accepted auditing standards.

In our opinion, the financial records of the Treasurer, School Department, and other offices, fairly reflect the financial condition of the City of Rutland, Vermont as of June 30, 1979, and the result of operations for the fiscal year.

BURLINGTON, VT.
RUTLAND, VT.

To the Honorable City Council
City of Rutland, Vermont

We have examined the financial statements of the various funds and account groups of the City of Rutland, Vermont, for the year ended June 30, 1979, (shown on Pages 8 through 62 in Treasurers Report). Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and other auditing procedures as we considered necessary in the circumstances. We did not examine the financial statements of the school fund (shown on pages 64 to 67 in the Treasurers Report) and we express no opinion on them.

Prior to 1959, the City did not maintain adequate cost records of its General Fixed Assets, so cost could not be established for those assets.

In our opinion, except for the lack of cost data in the General Fixed Asset Fund, the aforementioned financial statements which we examined present fairly the financial position of such funds and account groups of the City of Rutland at June 30, 1979, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information is not necessary for the fair presentation of the financial statements, but is presented as additional analytical data. This information (except for the statistical data on pages 79 to 99 in Treasurers Report) has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

In connection with our examination, we also (1) made a study and evaluation of the City's system of internal accounting control, (2) performed tests of compliance with the revenue sharing and antirecession fiscal assistance acts and regulations as required by sections II. C. 3. and III. C. 3. of the audit guide and standards for revenue sharing and antirecession fiscal assistance fund recipients (Guide) issued by the Office of Revenue Sharing, U. S. Department of the Treasury and (3) compared the data on bureau of census form RS-9 to records of the City of Rutland as required by section II. C. 4. of the "Guide." Our findings are set forth under the heading, "Findings" in Treasurer's Report.

Fire Protection

To the Honorable City Council
and My Fellow Citizens of Rutland

It is an honor and a pleasure to submit to you the annual report of the Fire Department activities for the 1979 fiscal year.

This year was a busy one for your Fire Department. We were only six alarms short of breaking the yearly record for fire calls. Fire alarms for the year amounted to 551. This was an increase of 112. A very severe winter and an increase in the use of solid fuel heaters accounted for some of this increase. Rescue calls for the year were up by 46 to a figure of 327. As the citizens become more aware that the rescue vehicle is one of the best equipped in the State, I feel that we will see steady light increases in these calls. Miscellaneous service accounted for 260 calls. This was slight drop from last year of 16 calls.

A heavy increase in general alarms also occurred this year. Last year we were blessed with only two. This year gave us fourteen. The major one of these was at Grossman's Lumber on Baxter Street.

For the first time it is my sad duty to report to you that we had one fire fatality during this fiscal year. The death occurred during a residential fire on West Street.

On a happier note, I would also like to bring to your attention an important fact. In investigating the residential fires that occurred this year, we found that a number of people involved in these fires found their main exits blocked, but were able to escape by means of their second exits. I attribute this to the "Certificate of Occupancy" Ordinance that the Board, in its wisdom, enacted. The benefits of this ordinance are becoming pleasant facts as the years go by.

My thanks go to my fellow firefighters for their cooperation during this busy year. My thanks go also to Mayor Godnick, the City Council, and the other departments of the City for their assistance.

Respectfully yours,
RICHARD M. BARRON
Chief, Fire Department

Summary of Fire Alarms and Rescue Calls from July 1, 1978 to June 30, 1979

Fire Alarms by Month		Rescue Calls by Month	
July	43	July	22
August	37	August	32

Assessor's Office

I respectfully submit the annual report of the Assessors Office for the fiscal year ending June 30, 1979.

Our office is working on the 2nd year of the 3 year reappraisal of all city properties which will be completed in 1981.

Approximately 3 million dollars was added to the grand list this past year, due to new buildings and renovations to existing structures.

I would like to extend my sincere appreciation to my associates in the Assessors Office, also to all offices in the City Hall for their assistance and cooperation.

Respectfully submitted,
ROBERT W. FOX, SR., Chairman
 Board of Assessors

Constable and Tax Collector

To the Honorable City Council:

Ladies and Gentlemen:

I hereby submit my report as City Constable and Tax Collector for the period from July 1, 1978 to June 30, 1979.

Delinquent poll taxes, real estate, and personal property taxes collected amounted to \$272,797.52. Delinquent water rents and sewage disposal bills were collected in the amount of \$36,175.22. Delinquent general bills were also collected in the amount of \$5,201.46, for a total of \$314,174.20.

To His Honor the Mayor, the City Council, the City Attorney, City Officials and employees, my sincere thanks for their assistance and cooperation.

Respectfully submitted,
L. BERNARD WATERMAN
 Constable and Tax Collector

Civil Defense

To the Honorable City Council
and Citizen of Rutland:

I respectfully submit to you the Annual Report for the Civil Defense Department for the Fiscal Year ending June 30, 1979.

The Emergency Operating Center was activated a total of 7 times this past year for various reasons, such as winter storms, spring floods and heavy rains; most damage being caused by high winds which felled several trees and power lines.

In September, 1978 a Test Exercise was held which simulated an accident involving a tractor-trailer carrying a chemical, (dimethyl sulfate), colliding with a micro-bus and automobile, resulting in injury to 32 people. The exercise was conducted to test the responding capability of the area Rescue Squads and the hospital facility. Also involved in the Test were Police, Fire, Public Works and Civil Defense Communications. Assistance for this Test was received from Richard Holmes, Gertrude Hodge and Earl Osgood of the State Civil Defense Office. The Exercise was video taped by Bruce Maxwell, Region I, Defense Civil Preparedness Agency Office, for use as training film in the future.

In November, I was chosen as one of 7 Civil Defense Directors/Coordinators from New England to attend a meeting at the University of New Hampshire in Durham, to formulate Civil Defense Plans for municipalities throughout New England. Also involved were Town Selectmen and members from the League of Cities and Towns throughout New England.

From this Task Force meeting it is hoped that local officials will have a better understanding of Civil Defense and be able to formulate plans for the protection of life and property in their localities. This study was funded entirely by the Defense Civil Preparedness Agency.

In February, as City Energy Coordinating Officer, I attended a State meeting dealing with the Home Energy Auditing Team. This group will be available throughout the area to do energy audits of homes and attempt to give the owners a general idea of how they can improve their homes to conserve energy. The Audit is free and it is hoped that this program will be carried through next year.

Members of the Fire Department, the Department of Public Works and Police Cadets attended a Radiological Monitoring Course this past year and were awarded Certificates for their successful completion of the course. This course was taught by instructor Dan Higgins of the State Civil Defense Office.

A local nursing home was assisted in obtaining emergency water due to a rupture in the City water line to their facility, which caused them to be without water. This was accomplished with help from State Civil Defense, the National Guard and Seward's Dairy.

Again, I remind the general public of the various programs available to them and any time any interest is shown, I will be more than happy to schedule training sessions, providing we have enough people interested in attending them.

The updating of the City Disaster Plan is continuing with the addition of the Crisis Relocation Plan to each of the annexes. Considerable time and effort has been given to this project by Mr. Kelman Craige of the State Civil Defense Office.

An Army truck was obtained from Plattsburg Air Force Base last August and was turned over to the Department of Public Works. This was accomplished with help from the State Civil Defense Office.

I have attended many conferences this past year in continuing to improve our Civil Defense organization here in the city, and I have spoken to various groups regarding Civil Defense.

Again this year the Communications group rendered assistance to various City departments in various functions, such as, the Recreation Halloween Parade and patrolling City streets on various other occasions.

In March I was notified that the Rutland Emergency Communications Development Plan, which was submitted to State and Region Civil Defense was approved. Mr. Don Cruikshank, of the State office, was very helpful in the preparation of this plan.

The School Crossing Guard Program continued this year and, again, I would like to express my sincere appreciation to all the Guards for their support and the good work that was performed by every one of them.

This past year the School Crossing Guard Program lost two of its members with the passing of Mr. Robert Whalen and Mr. John MacFarlane who, while they were working, performed their jobs with the highest degree of thought and consideration for all school children passing their positions on their way to and from school.

Traffic in and around our school continues to be very heavy and the Guards really have their work cut out for them in seeing that the children are crossed safely on their way to and from school.

In the Fall the Block Mother Program was again placed into operation with the cooperation of Officer Frank Kelly, of the Police Department. We had a little interest shown and we are in hopes that, during the coming year, more interest will be shown in this program so that it can be continued.

In closing, I would like to thank the Mayor, the Board of Aldermen, City Officials and employees, volunteers, the State Civil Defense staff and the news media for the cooperation given this office in the past year.

Respectfully submitted,
ALDO M. MANFREDI
Director - Civil Defense

City Attorney

Honorable Board of Aldermen
City Hall
Rutland, VT 05701

Ladies & Gentlemen:

I respectfully submit the Annual Report of the City Attorney for the fiscal year 1978-79.

During the year the City Attorney represented the Mayor, the Board of School Commissioners, your Board, its Committees and the City Officials as corporation counsel on all legal matters pertaining thereto. Varied oral and written opinions were given upon request and the City Attorney was involved in extensive litigation, negotiations, contracts, property and corporate matters.

LITIGATION

The City Attorney has represented the City of Rutland and the Board of School Commissioners before various Administrative Agencies and the Federal and State Courts. Concluded and continuing cases include: *Wroblewski v. City of Rutland*; *Morgan v. Jenne*; *In re Johnnie's Grandstand*; *In re Gilbert Enterprises*; *Rutland Country Club v. City of Rutland*; *Wales Realty v. City of Rutland*; *In re Juster Associates*; *VOSHA v. City of Rutland*, and various Tax Appeals.

In addition to the above matters, the City Attorney has been involved in Environmental hearings, Board of Liquor Control hearings, Board of Civil Authority hearings, Board of School Commissioners hearings, and various suspension matters.

Several cases were concluded during the present year. Many will continue during the present fiscal year and into the next. It is a reasonable conclusion that discrimination, civil rights, due process, and equal opportunity matters along with negligence, contracts, property, and environmental concerns will increase in volume.

UNION NEGOTIATIONS

During the fiscal year the City concluded a contract with the Union representing the Department of Public Works following lengthy negotiations and a municipal employees strike.

Negotiations, mediation, and fact-finding have occurred during the year with regard to Union Contracts with the Firefighters and Police employees of the City. At the end of the year those negotiations were continuing.

LEGISLATION

During the past fiscal year the State Legislature has adopted various Bills affecting local municipal government. Perhaps the most important of these has been the adoption of the *Binding Arbitration Bill* which provides that certain municipal employees may request binding arbitration of contract disputes including wages and other benefits.

In addition to participation in the adoption of various Ordinances for the City of Rutland, the office of the City Attorney participated in the drafting and preparation of proposed Charter changes for the City. At the Annual Town Meeting in March the voters of the City Rutland affirmatively passed those changes. The proposed new Charter is now before the State Legislature for consideration.

INSURANCE

In addition to handling various insurance matters, the office of the City Attorney has been instrumental in locating and placing an insurance policy covering the acts of its Public Officials and extending to discrimination and civil rights claims.

GENERAL

The office of the City Attorney has extensively participated in the development of the "Center Street Alley Project" which proposed project involves the cooperation of various property owners and is projected to become a reality this year.

Substantial progress can be reported in the legal relationship between the City of Rutland and the Town of Rutland in the form of a City-Town Industrial Contract whereby the City has agreed to furnish certain municipal services to the Town to aid in the development of industrial projects within the borders of the Town.

This office has also participated in contract negotiations leading to a Tax Stabilization Contract with KORS, Inc. at the former Patch-Wegner plant in the City. It is hoped that the granting of tax stabilization by the City will encourage substantial industrial growth by the KORS concern.

CONCLUSION

The past year has seen the office of the City Attorney involved in all phases of municipal government. Particularly active have been matters before the Board of School Commissioners, Planning Commission, Board of Adjustment, Board of Civil Authority, Administrative Agencies, and State Courts. It can be anticipated that the demands on the office of the City Attorney will increase in the years ahead as our municipal government, along with all others, is becoming more complex and responsive to the needs of its citizens.

Respectfully submitted,
ROBERT E. BRODERICK
City Attorney

Building Inspector

To the Honorable City Council

Ladies and Gentlemen:

It is my pleasure to submit to you the Annual Report of the activities of the Department of Building Inspector for the fiscal year ending June 30, 1979.

ORIGINAL INSPECTIONS PERFORMED

Business and Commercial	90
Complaints and Violations	352
Certificate of Occupancy	772

All City Schools were inspected during the month of September 1978. Follow-up inspections were performed as required.

CERTIFICATES OF OCCUPANCY

Applications processed	772
Applications cancelled	9
Denied following initial inspection pending repairs	50

APPROVED BUILDING PERMITS

25 Single Family Residences	\$ 872,500
58 Residential Addition/ Alteration	245,951
38 Commercial Addition/ Alteration	1,235,840
1 New Commercial Building	10,000
2 Industrial Renovation	544,000
1 Intermediate Care Facility	80,000
1 Courthouse, State of Vermont	613,828
1 Correctional Center, State of Vermont	3,100,000
1 11 Duplex Buildings (22 housing units)	600,000
1 47 Unit Apartment Building	1,200,000
13 Residential Carports/ Garages	46,600
14 Structures Other Than Bldgs (pools)	58,804
8 Other Non-residential (Sheds, etc.)	10,050
3 Mobile Home Pads	12,000
15 Demolition Permits	17,900
182	\$8,647,473

I wish to thank His Honor the Mayor, the Honorable Board of Aldermen, the Board of Zoning and Adjustment and all other City Departments for their cooperation and assistance.

Respectfully submitted,
LAURENT A. LA MONTAGNE
Building Inspector

City Planning Coordinator

To the Honorable City Council
and Citizens of Rutland

I hereby submit the annual report of the activities of this office for the fiscal year ending June 30, 1978.

ACTIVITIES

Grant Preparation

HUD Small Cities Program—	
First year comprehensive grant	\$ 275,000
HUD Urban Development Action Grant Program—	
West Rutland Industrial Park	500,000
EDA—Center Street Alley	480,000
Total Applications	\$1,255,000

Grant Administration

Southwest Neighborhood Improvement Project—This office is administering this neighborhood improvement project. This project will span a three year period and, upon its completion the following benefits are projected: rehabilitation of approximately 150 housing units; sewer, water and other improvements at the former Patch-Wegner site; and the upgrading of approximately four miles of streets and sidewalks.

On-Going Activities

Economic Development—Membership in various area economic development groups. This office is involved in the on-going quest for economic improvements in the City. This office has been involved very closely with the Economic Development Council of Southwest Vermont, the funding vehicle for future economic development funds from the federal government. This year the City Planning Coordinator is President of the Council.

Area-wide Solid Waste—Membership on the Joint Municipal Survey Committee. This committee is charged by their respective communities with the planning and implementation of the county-wide resource recovery plan.

Equal Employment Opportunity—This office has been designated as the equal opportunity office for the City of Rutland and is charged with the responsibility of enforcing all federal and state laws pertaining to equal employment opportunity activities. It is expected that much activity will result in this area in the future.

This office has a daily working relationship with the Rutland Regional Planning Commission and various state and federal agencies. This relationship will hopefully result in Rutland City being a better place to live, work and play.

I would like to express my gratitude to all who have helped me this past year. I want to particularly thank the Mayor, all Department Heads, the Board of Aldermen, and all commissions and others for their cooperation, patience, understanding, and courtesy shown to me and this office.

Respectfully submitted,
J. THEODORE CACIOPPI
Planning Coordinator

It Isn't Your Town, It's You

If you want to live in the kind of a town,
That's the kind of a town you like,
You needn't slip your clothes in a grip,
And start on a long, long hike,
You won't find elsewhere, what you left behind,
For there is nothing that's really new,
It's a knock at yourself, when you knock your town,
It isn't your town, it's you.

Real towns are not made by men afraid,
Lest somebody else gets ahead,
When everybody works, and nobody shirks,
You can raise a town from the dead.

And if while you are making your stake,
Your neighbor can make one, too,
Your town will be what you want it to be,
It isn't your town, it's you.

—R. W. Glover.

Public Works Department

To the Honorable City Council and the Citizens of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for the fiscal year ending June 30, 1979.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. In addition to the major projects listed below, the Department is responsible for the day to day maintenance of City streets, a complex network of sewer collection mains and water distribution mains, the City landfill, the Water Pollution Control Plant, the area comprising the City's watershed and the Water Treatment Plant. In addition, the Department responds to citizen complaints on a daily basis and emergency situations on a 24 hour basis. Citizens are reminded to contact the Police Department for emergency situations when the Department's business office is closed.

STREETS AND SEWERS DIVISION

Donald Foster, Assistant Superintendent
Donald Santwire, Foreman
James Ward, Foreman

STREETS:

Hot Mix (Bituminous Concrete) Paving Program

3,165 tons of hot mix was placed by our contractor, Pike Industries, Inc. at a cost of \$61,423.53.

Streets paved (or portions of) were as follows: Birchwood Ave., West St. (Nichols to Main and Route 4 West), Field Ave., Greens Hill Lane, Northeast Drive, Lincoln Ave., Mussey St., Tuttle Meadow Drive, Grove St., Mahoney Ave., Stratton Rd., Kingsley Court and Engrem Ave.

Curb & Sidewalks Projects:

The Department installed 525 feet of new concrete curbing and 95 feet of new concrete sidewalk and replaced 70 feet of concrete sidewalk. Also, 342 feet of hot mix sidewalk was installed.

Also, new concrete sidewalk and granite curb was installed in the Central Business District on Merchants Row from Evelyn Street to West Street.

Street and Drainage Projects:

Stratton Road Storm Drain —

27 feet 15" dia. corrugated (galv.) metal pipe
3 Catch Basins

Dorr Drive Storm Drain —

400 feet 12" dia. corrugated (galv.) metal pipe
3 Catch Basins

Adams Street Storm Drain —

148 feet 8" dia. corrugated (galv.) metal pipe
1 Catch Basin

SEWERS:**Sewer Main Projects —**

Mussey Street — 469 feet 10" dia. vitrified clay pipe
150 feet 8" dia. vitrified clay pipe
27 feet 6" dia. vitrified clay pipe
2 Manholes

Service Connections installed/repared	37
New Manholes	8
New Catch Basins	8
Sewer Main repairs/plugs	7
Sewer plugs - private	65

WINTER MAINTENANCE:

The Winter of 1978 to 1979 had a total accumulation of approximately 72" of snow. A total of 3,051 tons of salt was used costing \$67,401.89, as opposed to the previous year's amount of snowfall of 74" and the salt used of 2,206 tons. The main reason for the increased amount of salt used this year was the extreme icing conditions which plagued the Department through much of February.

Also, 823 tons of winter sand was used. This included periodic filling of sand boxes located at selected locations within the City.

SOLID WASTE DISPOSAL:

The City is still participating jointly with other towns in Rutland County in the search for a new landfill site and/or Recycling Center which would serve both the City and other Towns in the Rutland Region.

CAPITAL OUTLAY:**Streets:**

Two 6 cy dump trucks with plows and wings (one from Revenue Sharing)
Two - ½ ton pick-up trucks

Winter Maintenance:

Two hydraulic salt spreaders (one from Revenue Sharing)

Water:

One — ¾ ton pick-up
Intake screen for 20" main
Installation of approximately 2,000 feet of fence surrounding the Reservoir

WATER WORKS DIVISION

Harry Jasmin, Water Resource Manager

WATER RESOURCES

The Rutland City Watershed comprises 12,000 acres of which over 4,000 acres are owned by the City of Rutland as City forest. The 35 miles of brooks originating on it have filled Rutland Reservoirs since 1878.

Maintenance of water quality in our Reservoir requires good sanitation practices on our watershed; and the surveillance of tributary streams to maintain the quality of water entering the Reservoir.

Streams and tributaries to our Reservoir are sampled and tested regularly at the Vermont State Public Health Laboratory to detect any marked change in the quality of water. If any sample shows evidence of pollution, that stream is resampled immediately. If the second sample shows similar abnormalities, we work our way up stream searching for the source of pollution.

Installations Inspected for Proper Sewage Disposal Facilities:

Motels	11
Restaurants and Diners	11
Ski Lodges	8
Condominiums and Apartments	5
Alpine Village	37
Private Homes	189
Business Complex	1
Commercial	18
Trailer Camping Ground	1
Total	281
Number of Inspections	300
Number of Violations	4
Number of Violations Corrected (2) Being Corrected (2)	
Number of Raw Water Samples	200

The results reported from the Vermont State Laboratory of untreated water samples have indicated untreated water of good quality.

It has been an active year for construction in the watershed including several new homes and a new 28 unit motel. Also the repair and expansion of a number of commercial and private buildings reflects the increasing land use of our watershed.

WATER TREATMENT:

Rolla Jasmin, Water Treatment Manager

During the 1978 - 1979 fiscal year there were 355 - 150 lb. cylinders of chlorine used for water treatment for the City at a cost of \$7,783.44.

There were 75 lbs. of granulated chlorine used on streams in the City watershed and on the banks of the reservoir.

There was 300 lbs. of copper sulphate used for treatment of algae control at the City reservoir.

Monthly water system operations reports were sent to the State Division of Environmental Health in Burlington, Vermont. These reports include the results of daily testing for coliform bacteria and turbidity.

There were 730 tests of free and available chlorine, P.H. and temperatures taken throughout the City of Rutland and the results catalogued.

A total of 649 samples of treated water from the City's distribution systems and untreated water from the City's reservoir was sent to the Vermont Health Department Laboratory for analysis.

A new 20' main was installed from the City reservoir to the Chlorine house which gives the City of Rutland more volume and more pressure. Also a new chlorinator was installed at the Treatment plant as well as new turbine pumps. New screening was installed at the City reservoir in our valve structure on our new 20" main. A fence was installed at our reservoir site as well as gates and fencing on our right-of-ways.

WATER POLLUTION CONTROL PLANT

I hereby submit the annual report of the Water Pollution Control Plant, Rutland, Vermont for the year ending June 30, 1979.

A total of 2,064,453,000 gallons of sewage and storm water was processed at the plant during the past year. In addition 91.25 cubic yards of grit was removed together with a various assortment of debris other than sanitary waste, the later resulting from the unsuitable combination of sanitary and storm run-off system utilized.

We experienced several breakdowns which is normal for an operation such as this. The most serious happened last January involving the

malfunction of a Ampli-speed unit on one of our pumps at the main pumping station. It took a long time to receive the parts necessary to make the repairs however, everything is now back in operation thanks to the dedicated efforts of the employees.

As in the past we have had the pleasure of conducting many tours of students and individuals through the plant and explaining its operation. We are pleased at the interest shown by many students in particular and are looking forward with pleasure to more visits from these groups.

We are most appreciative of the complimentary comments received from many of the visitors.

I would like to again thank all the employees of the Water Pollution Control Plant for their splendid cooperation and dedicated services and look forward to their continued support. The cooperation received from this and other departments is greatly appreciated.

P.J. Barone, Superintendent

ADMINISTRATION

The Administration staff cheerfully responded to numerous citizen complaints and requests for information. Over 1440 work orders were issued during the year dealing mostly with citizens requests for work to be done by the Department.

The staff also performed the routine payroll, accounting and bookkeeping tasks required by the Department.

The Administrative staff consists of Patricia Avery, Coletta Franzoni, Mary Muzzi and Arthur Courcelle.

The Department was saddened by the sudden deaths of Albert Bonilla on September 20, 1978 who worked in the Streets and Sewers Division for 18 years and William Dalto on August 30, 1978 who worked for the Water Pollution Control Plant for two years.

ENGINEERING

The Engineering staff provides survey, design, and other engineering services for all divisions within the Department and also for other departments within City government. Plans and survey layouts were provided for the following major projects during the year: Aiken Place—replace water line, Brentwood Drive—extend water and sewer mains, Woodstock Ave. & Deer Street—traffic signal installation, Erosion control project at the Intake to the City reservoir, Mahoney Ave.—sewer main extension, sidewalks on Lincoln Ave. and Library Ave.

The curb and sidewalk improvements on Merchants Row in the Central Business District were designed and inspected by the Engineering Staff.

Fifty five building permits were reviewed in conjunction with the Building Inspector's office.

An extended Infiltration/Inflow Analysis of the City's sewer system and a Waste Water Facilities Plan are presently being reviewed by the U.S. Environmental Protection Agency. When these two documents are approved, the City can then proceed to a final design of improvements to the City's sewer system and wastewater disposal plant.

The preliminary engineering and property survey work for the proposed "Center Street Alley" project was performed by the Engineering Staff. This work was instrumental in meeting the deadline for submitting the application for Federal funds for the Center Street Alley project.

Sidewalk, curb, and gutter improvements under the Southwest Neighborhood Improvement project were designed by the Engineering Staff.

The Engineering Staff includes Alan Shelvey, John Havens and Norman Favor.

CITY FOREST

Dave Richards, City Forester, was in charge of all forestry work both in the City and in the 4,000 acres of city owned forest in the watershed.

Timber Cut	300,000 BF
Timber marked for cutting	250,000 BF
Pulpwood marked for cutting	151 cords
Timber Stand Improvement Work	15 acres
City Tree Program —	
Removed	30
Planted	163
Tree Pruned Tree Maintenance	75

I would like to thank and commend all the personnel in the Public Works Department for their dedication and professional manner. I would also like to thank the Mayor, the Board of Aldermen, particularly Public Works Committee Chairmen J. Tilly Ballard and Robert Stafford, and the other Department Heads for their cooperative and courteous attitude towards the Department.

The Department of Public Works should and will continue to serve the citizens of the City of Rutland to the best of its ability.

WARREN E. CONNER
Commissioner of Public Works

City Grand

Juror

To the Honorable City Council and
Citizens of the City of Rutland

I respectfully submit the annual report of the City Grand Juror's office for fiscal year ending June 30, 1979.

For the past year, the City Grand Juror's office has been responsible for the collection of fine revenues in the amount of \$23,500 est. In addition, through the combined effort of the Police Department and my staff, parking ticket fines were collected at City Hall and the Rutland District Court amounting to well over \$30,000. The budget for the office was \$15,931.28.

The Board of Aldermen has passed many ordinances which must be enforced if the quality of life in the City of Rutland is to be preserved. These include such ordinances as zoning, and the health and safety code for apartments. It is my intention to again work closely with the City Building Inspector and the Police Department to insure that these ordinances are complied with.

The effectiveness of my office has been greatly assisted by the cooperation shown by the City Police and other departments of the City. This cooperation is appreciated.

Respectfully Submitted
THADDEUS R. LORENTZ
City Grand Juror

Aldermen.
- June 30 Last day for action by the Board of Aldermen on the Mayor's
annual budget.
Board of Aldermen sets Tax Rate by July 15.

Recreation and Parks

To the Honorable City Council
and Citizens of the City of Rutland

I respectfully submit the Annual Report of the Rutland Recreation and Parks Department for fiscal year ending June 30, 1979.

HERITAGE CONSERVATION AND RECREATION SERVICE (HCRS) PROJECTS

White Playground Improvements

Implemented in 1977, approved this fiscal year with completion of Project slated for the summer of 1980. Improvements include—reconstruction of two tennis courts, three new tennis courts, two basketball courts, apparatus and pre-school areas, wading pool, platform tennis, bridge renovation, swimming pool deck improvement, steps to pool for handicapped, landscaping and seeding, and burying of power lines.

Rotary Field Project

Included in this Project were the installation of a sewer line and storm drain system, clearing and grubbing of area, replacing and recontouring field. Lights were also rewired. Although the Project was completed in the Spring, on April 2, 1979 a review of Rotary was made by the Design staff and it was their opinion the field should not be used for softball prior to July 1, 1980. At that time a second review will be preformed.

Monsignor Connor Memorial Park

Improvements included—stripping sod and removal of gravel and compact road and parking area. Installing all underground utilities, concrete work, play apparatus and boat climber. Construction of pavilion building and installation of chain link fence, wading pool, and landscaping. Contouring and seeding of area.

Senior Citizens Center

Application was made for Outdoor Master Plan at the Center. If accepted, plans our call for the following improvements: (3) Shuffleboard courts, pergolas, walks, (3) horseshoe courts, whirlpool and deck, storage building, landscaping and reforesting lawn.

VANDALISM

It is disheartening to note that while worthwhile improvements are being realized within the Department through HCRS funding and city budgeting that vandalism is running rampant. None of the Department's recreational areas were left unturned. White's Pool came close to closing down due to daily findings of broken glass in it. Electrical outlets in the Park's Bandstand were repeatedly torn out, benches and picnic tables totally destroyed, windows broken, expensive bases stolen, and a new flag pole bent to the ground just to name a few of the incidents. Not only were the losses high materially, but labor wise it took its toll on the tax dollar.

CITY PLAYGROUNDS June 19 - July 28, 1978

Rotary	Giorgetti	Msgr. Conner Park
Southeast	Northeast	

The Playgrounds operated under supervision of two leaders from 9:00 A.M. to Noon weekdays with such activities as arts and crafts, T-shirt day, bicycling, hiking, etc. Afternoons were left open for individualized programming planned by the leaders.

Culmination of the Playground season each year is *Carnival Day* held in Main Street Park. Each playground sets up a booth or game, winners of which received "lucky bucks". Cashing in your lucky bucks wins you a prize donated by Rutland merchants. Proceeds go to a charity this years of which was *The Charles Hall Youth Services* in Bismarck, North Dakota, a home for American Indians.

RUTLAND DAY CAMP July 31 - August 11, 1979 Giorgetti Park

The Camp's theme this year was "Our Spaceship Earth." Camp hours were from 9:00 A.M. to 3:00 P.M. with evening cookouts and overnights. Emphasis was on nature oriented activities that promote environmental awareness and a understanding of man's role in the environment.

GYMNASTICS CAMP

June 19 - June 30 and
August 14 - August 25

BASKETBALL CAMP

July 17 - July 28

TRACK CAMP

June 26 - July 7

Local Olympic Day winners
competed in the Hershey
Track Meet.

CHRISTMAS EVENTS

Annual Toy Project

A total of 110 families received Christmas boxes this year. Contributions came from area residents, K-Mart, Northeast Teachers Association and Barstow School children, St. Peter's Church and Immaculate Heart of Mary Church, U.S. Marine Corps, Mrs. Shirley Perkins, Mayor Godnick and the employees of the City of Rutland.

Special Events Included . . .

Christmas Basketball Tourney	Window Glass Cooking Class
Mini Gardens	Ginger Bread Making
Holiday Dance	Santa's Mailbox
Santa Land Trip	Family Caroling
Ice Skating Races	Annual Christmas Party
Swimming at VAC	Tree Ornament Class

CLUBS AND ORGANIZATIONS USING RECREATIONAL FACILITIES

The Rutland County Youth Service Center, Rock & Mineral Club, The Rutland Garden Club, Vermont Council on the Humanities and Public Issues, Green Mountain Callers Association and Dick Leger Callers School, Rutland Lodge Elks #345, Vermont Catholic Charities, Bennington-Rutland Area Agency on Aging, District Environmental Commission #1, Welcome Wagon Newcomers Club, The Southern Vermont Womens Gymnastic Judges Association, Qahal II, Dorr Drive Christian School, Rutland County Nurses Association and Downtown A.C.

SENIOR CITIZENS

The Rutland Recreation & Parks Department Senior Citizen Center has in the past year had a 20% increase in cumulative participation to over 30,000 Seniors. In addition, there was an increase in programs offered of 22%, totaling 91 programs. It is worth noting that programs requiring instruction or guidance are led by either staff or senior personnel. A public word of thanks to Senior instructors Jim Alley, Ken and Bucky Day, Ruth Ross, Miles Finch, Lin Anderson, Lora Preston, Marjorie Sparks, Leona Snyder and Catherine Hance for sharing their knowledge and skill in programs ranging from Knitting to Yoga. Interest in our monthly Health Check has tripled requiring the time and expertise of retired Registered Nurses Pat Tucker, Chris Bove and Blanche Crichton.

Three specific goals were set for the year. One, the inclusion of nursing home and community care home residents in the Center programming. Two, active participation to encourage the establishing of self-sustaining and self-supporting programs. Three, developing interest by seniors in health problems which the medical community feels are indigenous to aging.

Nursing home and community care home residents should not be shut in or shut out from the community. Toward that end a close working relationship has been developed which has encouraged these residents to participate at the Center in painting, chorus, humanities, nutrition, bingo, whist, knitting, crocheting, pottery and candlemaking programs. In addition we go to the nursing homes at least twice a year, during the Christmas and Easter seasons, to visit and bring hand crafted gifts.

Once a year Seniors go to sleep-away camp. Through the years the Center bingo program has provided scholarships, depending on the need. This year those who wished to go who participated regularly in our Thursday afternoon bingo were sent to completely free. Others were sent on 50% scholarships. This year 12 Rutland Seniors went to camp at Tyler Place in Highgate Springs, half of them completely free.

Until this year one day trips away from the Center were the usual fare. During the fall we took on what we felt was a most ambitious trip, a three day tour of the Amish Country with 47 Seniors. It went so well that in May another 47 Seniors went to Atlantic City for five days. Due to the availability of group rates and discounts these trips were relatively inexpensive and like most this year almost completely self-supporting.

Beginning in Spring the Center introduced a series of health seminars dealing with health problems of the elderly. This program is believed to be the first independent program of its kind nationally. Presenters who have agreed to participate are more than 25 doctors, nurses and other members of the Rutland medical community who address themselves to a specific area of medical expertise in a manner both honest, factual and easily understood by the lay person.

From January 15th through April 15th the staff assists Seniors in preparing their Sales Tax and Property/Rent Rebate forms. This year the Seniors we assisted received a total of \$15,204.73.

The Rutland Senior Citizen Center Craft Shop is an effort to supplement the incomes of the elderly through the marketing of their handicrafts. In the four years since its inception \$4100 has been returned to Senior craftspeople.

The Senior Citizen Discount Program has enlisted the cooperation of 41 Rutland retailers. Any Senior over the age of 62 is entitled to participate.

The Rutland County Nutrition Program served 15,000 hot meals at the Center this year.

RECREATION PROGRAMS AT THE CENTER

Painting	Wreath Making	Round Dancing
Rug Hooking	Easter Decorating	Square Dancing
Rug Braiding	Visiting	Sewing Bee
Rug Latching	Poker	Barbeques
Copper Enameling	Pokeno	'45'
Stickcraft	Whist	Craft Sales

HEALTH, SERVICE AND EDUCATIONAL PROGRAMS

Monthly Blood Pressure Check	Consumer Information Speaker—
Discussion Group	Medicare & Social Security
Exercise Classes	Energy Audit Workshop
Yoga	Energy
Lipreading Classes at VAC	Educational Health Films
Annual Flu Shot Clinic	Area Agency on Aging Advisory
Foot Care Clinic	Council Meetings
Pre-School Children as Guests	Area Agency on Aging
Concerts	Public Hearing
Rutland Health Care Panel	Health Seminars—Cancer, Heart
CPR Course	Arthritis, Eyes
Discount Program	Older American Humanities
Tax Assistance	Program
Staff Participation with	Lions Club Health Screening Van
local Agencies	WWI Auxillary Meetings

The Recreation & Parks Department Van, designed to accomodate the needs of the handicapped and the elderly (including a lift for easy wheelchair access) transports Seniors living within the city limits to and from the Center. With the increase in participation at the Center the use of the Van has increased accordingly. During the past fiscal year the total cumulative usage was 6867. The Van is also used to transport Seniors to recreational/ community activities and health/ social services outside the Center. The van is also used as a means of transportation for recreational functions such as soccer games, swim meets, track meets, softball games, basketball games, horseback riding, camping, hiking, etc.

LONG RANGE PLANS

1. Continued Development of Giorgetti Park as a recreation complex.
2. Lighting of all municipal athletic and recreational facilities.
3. New Recreation Center with indoor pool.
4. Physical fitness trails.

FISCAL NEEDS FOR THE DEPARTMENT

1. Department Park policemen.
2. More Mini Parks.
3. Lighted fields and courts.
4. Maintenance garage.
5. More maintenance equipment.
6. New bus for the Senior Center.

I would once again like to express my thanks to the Mayor, Board of Aldermen, members and citizens of Rutland for their continued support and encouragement. I would like to thank my staff, Thomas Chesley and the School Board, all the Midget League and Babe Ruth Coaches other volunteers who so generously donated their time and efforts.

Total expenditures for the Department were	\$266,382.86
Total receipts for the Department were	\$ 11,393.45

Respectfully submitted,

JOHN W. CIOFFREDI, Superintdent
Recreation and Parks Department

Library Treasurer

Honorable Gilbert G. Godnick

Dear Mayor Godnick:

I am happy to enclose the Financial Report of the Rutland Free Library Association, Inc., covering the period from July 1, 1978 to June 30, 1979.

On behalf of the Trustees, may I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, our sincere appreciation for your cooperation and support in helping our Library Association give increasing service to the people of Rutland.

Sincerely,
PAUL HARDY
Treasurer

Rutland**Free****Library****REPORT OF THE LIBRARIAN**

For the Year Ending June 30, 1979

To the Honorable City Council:
and the Citizens of Rutland:

It is a pleasure to present this annual report as Director of the Rutland Free Library.

The past year was a very full and active one, with an increasing number of programs and services offered to its users by the library. Obvious in its importance in the giving of good library service is the physical plant, which received a fair share of attention during the year.

Facilities and Furnishings

Revenue Sharing Funds were utilized to update the heating system throughout the first and second floors of the building. Separate heating areas now make the use of the Vermont Room, or attendance at programs in the Fox Room and at small meetings in the second floor north meeting room, more comfortable during the heating season. Heating efficiency is greatly increased at the same time, with lessened expenditures of energy and money.

In the area of building planning, a grant administered by the State of Vermont paid for a study of future space needs in the library. The Becker & Hayes Company, a library consulting firm, sent two consultants who toured the building and interviewed staff members and trustees to learn more about our needs. Their written report later offered alternative suggestions for future consideration and possible planning.

The library had solicited the services of the consultant firm not only for their thoughts on uses of present building space and on possible expansion, but also on an elevator installation, should funds become available for this. The library later invited elevator company representatives to provide more detailed information. In a long range planning view elevator service could offer more convenient access to five levels of the building, and especially benefit handicapped persons with improved access to the first floor upper stack level, and to the Vermont Room and auditorium on the second floor.

Shades were installed in the windows of the Lawrence Room on the first floor, making it possible now to hold film and slide showings or other programs on occasions when it is desirable or feasible to do this.

In the late fall the joints on the low wall around the flat roof of the building were sealed, a maintenance procedure which relates to the walls as well as the roof. Work on the roof flashing followed in the spring.

The Civil Defense, while continuing to use the old north basement for storage, had its electrical meter removed. This necessitated some rewiring as a rearrangement was made in the library's basement lines.

Financial Support

Efforts to have the Town of Rutland renew its support of the library were spearheaded by a group of Rutland Town Friends of the Rutland Free Library, and were successful both in November and at March Town Meeting. The library hopes that this support will be continued in the future, and that town residents will continue to regard the Rutland Free Library as their library also.

The City of Rutland maintains good support of its library, while the Nella Grimm Fox Fund finances the purchases of circulating materials, as it has been doing since January of 1970, and also underwrites the Fox Room programming.

Fox Room

Programming in the Nella Grimm Fox Room under Patricia Bates' direction continued at a busy level, with an average of about four programs per week. One highlight of the program year was the series entitled "Women and Literature," toward which a Vermont Council on the Humanities grant was obtained. At the end of the year the Steinway grand piano bequeathed to the library by Nella Grimm Fox was removed for summer overhaul and repairs to bring it up to a higher performance standard.

Cataloging processes were further streamlined during the year. The goal was to take advantage of available preprocessing services in order to save on staff time and expense, and make new materials accessible to borrowers as soon as possible. Trial periods with different preprocessing services worked to the library's advantage, and increased efficiency with pattern which suits the library's needs well has resulted.

The inventorying of the library's holdings continued, with work on the children's collections completed during a two-day period in June. An ongoing inventory involving a portion of the library's collections each year is planned.

"Sounds and Silence," the library newsletter, continues to be well received in its second year, as it offers information on Fox Room programs, new materials available, adult and children's department activities, and other library services and items of interest. Copies are available at the library and also by way of a mailing list.

The library transferred a collection of old pictures and other items, which it had held in storage for a number of years, to the Rutland Historical Society. There, use of all these materials now can be much more active in displays and reference.

The library was host for the Vermont Library Association's Public Library sectional meeting in the fall. The Director and Cataloger Jacob Sherman attended sessions of the Second Vermont Governor's Conference for Better Libraries in Montpelier in April. An excellent workshop on management, held in Manchester, New Hampshire, was attended by the Director. Mrs. Field and Mrs. Higgins participated in a reference workshop held in Rutland at the Vermont Department of Libraries Regional Office. Members of the library staff also attended meetings of the New England Library Association and of the Vermont Library Association along with other library related meetings.

Library Staff

A comparison of positions in the library with positions in city government was made as to job descriptions and salary scales. The first stage of a three-step equalization adjustment was worked out and approved by the city, effective during the coming year. There were several changes on the staff during the year, with Betsy Bove replacing Gail Thompson as bookkeeper, Caroline Fusco taking the place of Judith McArdle in the adult department, and Loren Maynard resigning his position as custodian. Earl English, working out of the Champlain Valley Rutland Office, has made an important contribution to the daily operation of the library in his performance as custodian.

Board of Trustees

President of the Library board during this year was Mrs. John D. Moore. First and Second Vice Presidents, respectively, were Mrs. Donald R. McIntyre and Robert W. Beauchamp. Mrs. Charles T. Baker and Miss Paula D. Wade each served as Secretary for a portion of the year. Robert J. Lewis was Treasurer until spring when he was succeeded in this office by Paul Hardy upon moving from Rutland.

Mrs. McIntyre also was chairman of the Fox Room Committee, while Mr. Beauchamp headed the Planning Committee and Mr. Lewis the Finance Committee, the latter succeeded later by Mr. Hardy as noted above. Thomas W. Costello chairmanned the Bylaws and Nominating Committees, and Mrs. Robert D. Proctor, Jr. the House Committee. Roger M. Pike and James S. Davidson each was head of the Personnel Committee during a part of the year.

Other board members this year were Mrs. Nick H. Carmolli, Julian H. Frankiewicz, Mrs. Wendell M. Remington, Howard S. Rosen, and Warren Stevens.

I would like to express sincere appreciation and thanks to trustees, staff members, and officials of the City and the Town for the cooperation and assistance they gave during the year. We look forward at the library to the opportunity in the coming year to provide materials, programs, and services to meet the ongoing demands for them made by the users of the library.

Respectfully submitted,
CHARLES D. MAURER
Director of the Rutland Free Library

Health Inspector

To the Honorable City Council and
The Citizens of Rutland, Vermont

As Health Officer of the City of Rutland, I submit herewith the annual report for the fiscal year beginning July 1, 1978 and ending June 30, 1979.

The Health Department is composed of a three man Board of Health appointed by the Mayor, and a Health Officer, appointed by the State Board of Health.

Through this department is maintained the control of communicable diseases, inspection services for the maintenance of sanitary plumbing facilities, swimming pool and other places of public assemblage.

308 cases of contagious diseases were reported and quarantined during the year as follows:

Strep infection	248
Chickenpox	60

All reported dog and animal bites were investigated and precautionary measures taken. There were no cases of Rabies.

Free immunization clinics in the elementary schools were held in April, 1979. 120 children received protection against Measles, Rubella, Diphtheria, Mumps, Tetanus and Polio. For this undertaking I was ably assisted by Mrs. McCormack, Miss Burke and Mrs. Plummer, School Nurses.

In October a free Clinic was held for immunization against influenza. Trivalent types A & B for Senior Citizens, 100 in number, were given.

A total of 460 samples of water from the city's taps were sent to the Bureau of Laboratories, Vermont Department of Health in Burlington for analysis. There was very little evidence of any contamination. This department thanks the Water Department, Mr. Harry Jasmin and Mr. Rolla Jasmin in the excellent control maintained at the watershed and the reservoir.

Several nuisance complaints were received and investigated with appropriate action being taken where necessary. It appears that uncut vacant lots during July and August occupy a large share of the complaint register.

As Health Officer, I would like to express my appreciation for the cooperation received from the Mayor, City Employees, State Board of Health and the residents of the City of Rutland.

Respectfully submitted,
J. CARLETON STICKNEY, M.D.
Health Officer

Milk Inspector

To the Honorable City Council and
The Citizens of Rutland, Vermont

I hereby submit the annual report of the Milk Inspector for the fiscal year July 1, 1978 to June 30, 1979.

Five Hundred Thirty Dollars (\$530.00) was collected in licenses during the year and the money turned over to the City Treasurer whose receipts I hold for that amount.

There were fourteen licenses issued at the Rutland Fair, 88 restaurants, groceries, cafes, bakeries, peddlers and three creameries were also issued licenses during the year.

As Milk Inspector I would like to take the opportunity to thank the producers, plant operators and State Inspector for their cooperation during the past year.

Respectfully submitted,
J. CARLETON STICKNEY, M.D.
Milk Inspector
City of Rutland, Vermont

Board of Cemetery Commissioners

To the Honorable Board of Aldermen and
the Mayor of the City:

The Commissioners maintain for the City the two old burial grounds on West Street and North Main Street. Although these cemeteries are no longer active they are the responsibility of the City and grass and weeds must be kept under control and the marble grave stones require yearly re-setting and repair.

The second year the care of the grounds has been in the capable hands of the crews from Rutland Mental Health under the supervision of Albert Bathalon and Maynard Welsh. Repair of grave stones has been the responsibility of Danny Tatro.

The decrepit fence on the north and east side of West Street Cemetery has been replaced by a new chain link fence, while the defective and unsightly fence on West Street has been removed, with replacement deferred to next year if funds are available.

Elm trees are dying at an average rate of one per year and this year several trees have been planted to replace those that have died.

Respectfully submitted,
JOE CLIFFORD
FRED ELWERT
BOB TEDESCO

Police Protection

To the Honorable City Council
City of Rutland, Vermont

Ladies & Gentlemen:

I respectfully submit the Annual Report of the Police Department for the fiscal year ending June 30, 1979.

During the past year the department has experienced several demoralizing programs. Hopefully, these are behind us now and we can concentrate on doing our duty which is the administrating of law and order for the City of Rutland.

Towards the end of the year Chief Jenne retired because of health problems. We wish him well in his retirement.

For the department I would like to express our thanks to all the other police and private agencies who helped us during the past year.

As Acting Chief, I extend our thanks to the Mayor, the Honorable Board of Aldermen, the Department Heads, other city officials and citizens who have helped the department in any way this past year.

Sincerely,
CHARLES E. SPOON
Acting Chief of Police

Rutland Area Visiting Nurse Association, Inc.

ANNUAL REPORT
July 1978 - June 1979

To: The Honorable Mayor Godnick, City Council and Citizens of Rutland, Vt.

It is the goal of the Rutland Area Visiting Nurse Association to help improve and protect the health of all of the City residents by providing home health services. Home visiting and caring for people has been part of our VNA tradition for 30 years. If you or your family are ever in need of part-time home care, The Visiting Nurse Association can provide Nursing, Physical Therapy, Speech Therapy, Occupational Therapy and Homemaker-Home Health Aide services. We also provide Prenatal Classes, Preventive Clinics, part-time School Nursing and some home Dialysis.

Services provided to Rutland City during the year are as follows:

Skilled Nursing visits	8,053
Physical Therapy visits	1,578
Occupational Therapy visits	235
Speech Therapy visits	20
Homemaker-Home Health Aide visits	5,572
TOTAL VISITS	15,458
Total Home visit Patients	539 (unduplicated)
Total Clinic Patients	210
(4 Senior Citizen Clinics per month)	
Total Clinic Patients	170 (Hypertension Clinics)
Total Prenatal People	130 (65 Couples)

Our visits continue to grow with the demands of people that wish to stay at home during an illness. Also, many people prefer to remain at home even during their last days of a terminal illness. With the continued push from Medicare and Medicaid to utilize Home Health Agencies our Agency will undoubtedly grow even more.

Thank you for your continued support of our service. We will look forward to another busy year serving the people of Rutland City, striving for the best quality of care.

Respectfully submitted,
EVELYN MORGAN
Executive Director

Rutland County Humane Society, Inc.

To the Honorable City Council
City of Rutland, Vermont

Gentlemen:

During the fiscal year 1978-1979, the Rutland County Humane Society cared for 2,982 animals at the shelter, a slight decrease over the previous year. Just over 40% of the animals came from the City of Rutland.

Our total operating expenses for the year were \$33,290.34, making the cost per animal \$11.16. We received \$3,000 from the City, the balance coming from the Towns in the County, fund raisers, memberships, and individual donations.

We continue to provide care for the dogs brought in by the Dog Officer. Nearly 25% of these dogs are never claimed by their owners, so we have to find new homes for them or dispose of them.

The Shelter is open Mon.-Fri. 10-5, Sat. 9-1, and Sun. 1-5. However, our attendant there, and our Humane Agent, Tom Browe, provide emergency service at all times. Individuals and groups are welcome to visit the Shelter. We also comply with Federal Regulations in welcoming the handicapped.

Mr. Browe also answers cruelty complaints from city residents and helps with problem animals such as skunk, raccoons and the like.

We are grateful for the cooperation we receive from the Mayor, Members of the Board of Aldermen, Police and Fire Departments.

Respectfully submitted,
THOMAS R. BROWE
President

Rutland Mental Health Service, Inc.

To the Honorable Mayor Godnick,
City Council and Citizens of Rutland, Vermont

Rutland Mental Health Service, Inc., has experienced a productive year. An ambitious program was undertaken to broaden community mental health/retardation services within Rutland County that now capably serves over 2,700 individuals. Throughout the year, demand for service remained high within all programs of Rutland Mental Health Service.

The Department of Mental Health Services identified the community's continuous commitment to services with a strong outpatient and crisis/intake program. Hospital based programs serving inpatient and day hospital clients expanded their services to individuals beyond the Rutland county area.

The GOALS Program inaugurated "day programming" which expanded essential services beyond clinical and support services to include those of vocational and residential skills.

Several years ago, few would have envisioned a commitment of services to the developmentally disabled as an equal portion of Rutland Mental Health Service's resources. This year, the Developmental Disabilities Program broadened its capacity for counseling and continued linkage with Brandon Training School. The Residential Services Unit had a successful year of residential care at Allen St., opened a second Intermediate Care Facility on Stratton Road, and completed the final stages for a new group home in Pittsford. Today clients continue to assume a more expanding role as contributing citizens in our Rutland Community. In cooperation with the Rutland Industrial Development Corporation, the Green Mountain Workshop at the Patch Wegner site on Howe Street employs handicapped persons in contract work which ranges from electronic assembly to special projects such as packaging of various products.

The Consultation & Education Department has made a strong commitment to preventive services. Services to children expanded with the development of an intensive treatment program for very young children with severe emotional problems. The concept of industrial consultation was established through the recognition that the health of an industrial and commercial community links directly to the community mental health center. Community Education has thrived over the past year with the continuation of programs at the library, courses for teachers and general public and the beginning of radio and television exposure.

Rutland Mental Health Service has assumed responsibility for community drug programming and continues to provide outreach in Rutland county through the Youth and Family Services Program to approximately 125 children.

The need to manage each dollar with extreme caution is emphasized more dramatically as inflation overtakes the most conservative fiscal planning. Throughout the year, our administrative staff has pulled hard to capably "stretch" the dollars and continue with the type of professional services that the Rutland community has come to expect from Rutland Mental Health Services.

Respectfully submitted,
GILBERT D. ALIBER
Executive Director

The Chaffee Art Gallery

RUTLAND AREA ART ASSOCIATION, INC.

Mayor Gilbert Godnick
City Officials
Citizens of Rutland, Vermont

The Rutland Area Art Association, as a non profit corporation with a permanent gallery located in the heart of Rutland, was organized for the purpose of promoting art within the community for the benefit of all age groups. The Trustees at the center appreciate the contributions made by the City and thank the Officials for granting tax exemption on the real estate and for the annual \$5,000 grant which partially covers salary of two employees.

The projected budget for 1979 showed a deficit of \$1,500. A request for this additional financial help was denied by the City Aldermen. As a result, extra efforts are being made to cover the season.

A pre-season event was the co-sponsoring of "Heirloom Discovery Day," an appraisal by Sotheby-Parke Bernet of New York. The net is to be used for the Building purchase payments.

The season opening at the Gallery was an exhibit of "Progressive Steps Taken in Developing Various Forms of Art." This was partially financed by matching funds from the Vermont Council on the Arts.

As a Historical Land Mark, donors gave \$1,700 toward building restoration. A small amount was received as Memorial Contributions. Also, The Rutland Garden Club contributed landscaping.

The membership drive was more extensive with less than anticipated results while the workshops were less costly due to the donation of services by many instructors and those that demonstrated their methods of art or craft.

To clarify the earned income, we must state that our organization performs a service for all exhibitors at "Art in the Park" and those showing in the Gallery. A small percentage is retained by the Association for overhead costs. The balance goes to the exhibitor.

Since our 1979 season continues through November, we can only hope for a successful finish. However, to insure the future of a permanent art center, more community involvement is necessary.

Board of Directors
KATHERINE KING JOHNSON, Chairman
EDITH H. SMITH, Past President

Dogs and Other Animals

EXCERPTS FROM OUR DOG ORDINANCE RUTLAND CITY

Sec. 2551. Disturbance of quietude as public nuisance

It shall be unlawful for any dog owner or keeper to permit or allow his or her dog or dogs to habitually howl, bark, or in any other manner disturb the peace and quietude of the community. Such conduct is hereby declared to be a public nuisance.

Sec. 2552. Confinement

(a) The owner or keeper shall confine within a building or secure enclosure every dog, and not take or allow such dog out of such building or secure enclosure unless such dog is on leash or under control of some person, or securely attached to an exercise wire.

Sec. 2553. Impoundment: notice thereof

Dogs found running at large may be taken up by a police officer or duly authorized agent and impounded.

Sec. 2555. Penalties

Any person who violates any provision of this chapter shall be fined not less than \$10 for the first offense, not less than \$15 for the second offense, and for the third or any subsequent offense shall be fined not less than \$20 or imprisoned for ten days.

"Be sure your dog has a current rabies vaccination!"

Save time and money. License your dog on or before April 1st.

VERMONT DEPARTMENT OF HEALTH

Annual Report to the Citizens of Rutland City

The established mission of the State Health Department is to protect and promote the health of all Vermonters. In working towards this goal, the Vermont Department of Health has provided directly, or assured the provision of, preventive health services to communities across the state. During 1978, the following services were received by the residents of Rutland City:

2065 elementary school children were examined by a dental hygienist and received personal oral hygiene instruction twice during the school year.

Public Health Nurses made 662 individual public health visits to 275 persons.

17 persons received group instruction in childbirth and parenting.

69 children received preventive health examinations and counseling at Well Child Conferences.

138 immunizations were given in Health Department clinics.

308 doses of vaccine were supplied to school nurses and other public clinics.

Through the Handicapped Children's Program, diagnosis and treatment services for orthopedic, hearing, cardiac, and other conditions were provided to 130 children.

Through the Child Development Clinic, 34 children received diagnostic and intensive follow-up services for suspected physical and/or mental retardation.

163 persons received chest X-rays for early detection of lung disease through the Barre, Rutland or other Health Department chest clinics.

The following services were provided by the Health Department Laboratory in Burlington:

282 blood tests to identify women needing immunization against german measles (rubella) to prevent birth defects,

1010 other diagnostic blood tests,

713 bacteriological and viral cultures,

622 tests of individual and municipal water systems to monitor drinking water quality.

Through the Emergency Medical Services Program, the Health Department provided funds to help with the purchase of equipment for the Aldous Ambulance Service.

972 people received nutrition education and food supplements through the Special Supplemental Food Program for Women, Infants and Children (WIC).

225 children underwent medical evaluation and treatment through the Early Periodic Screening, Diagnosis, and Treatment Program (EPSDT).

30 women were examined for cervical and breast cancer through the Cervical Cancer Screening Program.

Statewide, 278 emergency medical technicians were trained; 157,688 doses of vaccine were distributed to private physicians; 17 hospitals and 48 nursing homes were inspected and licensed; 3500 blood and breath samples were tested for alcohol content; 2003 restaurants were inspected;

4266 venereal disease office visits and/or treatments were paid for and 820 contacts were traced;

material to test 46,356 persons for tuberculosis was distributed to private physicians, public clinics, and schools;

90 industrial inspections affecting 9,656 workers were done; 39 X-ray machines were inspected;

treatment for 21,519 children was approved and paid for in total or in part by the Tooth Fairy and Denticaid programs;

and, in conjunction with Planned Parenthood, 10,134 persons received contraceptive counselling and service.

Technical assistance was provided through the office of Local Health Services to your Town Health Officer, J. Carleton Stickney, M.D.

Your Town Clerk, John W. Barrett, received support and instruction in the handling of vital records from the Division of Public Health Statistics.

Although no Rutland City residents participated, the following Health Department program is also available to your community:

The School Fluoride Rinse Program

Your participation in these programs is encouraged. Information about all Health Department Services may be obtained by calling our toll free number 1-800-642-5148, or your local district office in Rutland. The local office telephone number is 773-2411.

LLOYD F. NOVICK, M.D.
Commissioner of Health

Rutland Historical Society

Thanks to the support of the City of Rutland and the ever-increasing participation of volunteer members the Rutland Historical Society continued to grow during the past year. In addition to the City's annual appropriation toward the operation of the City-owned Museum, the City appropriated funds for burglar and fire alarm systems and to reconstruct the porch at the Museum.

The Museum was open to the public with many different exhibits from Memorial Day through Columbus Day, and the Farm Museum at the Vermont State Fair was open during the Fair. Many individuals donated many items to the collections of both Museums during the year, among the most significant of which were photograph collections from the Rutland Free Library and Anne F. Spencer and portraits of Mr. and Mrs. Moses Strong from Dr. and Mrs. Battista Chiolino.

Destruction of the Museum chimney during a winter storm resulted in rebuilding of the chimney and repainting of the entire interior of the Museum for the first time since we have occupied it. The walls and woodwork are now in pleasant light and dark shades of Williamsburg blue.

Fine issues of the Rutland Historical Society Quarterly were published for the members, the most significant of which was one devoted to the first article ever published regarding Whitcomb's Rangers, a unit stationed in Rutland during the Revolutionary War.

The most significant publication ever prepared by the Society, the 176 page pictorial history of Rutland, *Rutland in Retrospect*, was published in December. This 550 picture book was prepared on a cost basis in order to provide it to as many people as possible, and it has met overwhelming acclaim.

Seven membership meetings open to the public at no charge were held in the Rutland Free Library's Nella Grimm Fox Room and the Rutland High School auditorium. Michael Barbieri and members of the modern Whitcomb's Rangers presented an illustrated talk on that unit October 19; the film on Vermont covered bridges, *No Faster Than A Walk*, was presented November 15; Sanborn Partridge presented an illustrated talk on Vermont Colonial Money January 15; Victor Rolando presented an illustrated talk on Early Vermont Iron Blast Furnaces February 22; Mr. and Mrs. Robert T. White presented the Vermont American Association of University Women's bicentennial slide-tape history of Vermont, *Fiber of Vermont*, March 21; a slide-tape story of the Rutland Hospital and the 1914 and 1919 movies of Rutland and Rutland Fair were shown April 24; and Peter Thomas presented an illustrated talk on A 1663 Indian Village on the Connecticut River May 22. A house tour of Mr. and Mrs. Arthur Mead's family home on the West Proctor Road was held June 23. The Board of Directors met throughout the year to conduct the Society's ongoing business.

The Rutland Historical Society is indebted to the City of Rutland and the Society's members for a successful year.

GEORGE J. COVALT, TREASURER

To the Board of Directors
The Rutland Historical Society, Inc.
Rutland, Vermont

I have examined the Treasurer's Report of The Rutland Historical Society, Inc. for the period July 1, 1978 to June 30, 1979. My examination was made in accordance with generally accepted auditing standards and accordingly included such auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying Treasurer's Report presents fairly the results of the Society's operations for the period July 1, 1978 to June 30, 1979 in conformity with generally accepted principles applied on a basis consistent with the preceeding year.

WENDALL E. TAYLOR

SOME GENERAL INFORMATION ABOUT OUR CITY FOR NEWCOMERS AND VISITORS

The Police Department is comprised of 44 members, a chief, a captain, a lieutenant, 3 sergeants, 2 detectives, 24 patrolmen, 4 dispatchers, an administrative assistant, records clerk, 2 meter maids, 1 animal control officer, 2 traffic clerks. The Police Department has 5 pieces of major equipment all with two way radio.

The Fire Department is comprised of 30 regular firemen, a chief, 2 assistant chiefs, 2 captains and 2 lieutenants and 10 call firemen. The Fire Department has 12 major pieces of equipment including a Rescue Vehicle.

Merchandise and materials purchased by the City must be by a purchase order obtained by all departments (except School Department). The Purchasing Agent is required to put out for bids all merchandise or materials costing \$500.00 or over.

All offices in City Hall are closed on Saturday.

No all night parking is allowed at any time during the year in the Central Business District.

All night parking in the entire city is prohibited from 1:00 a.m. to 7:00 a.m. from December 1st to March 31st, inclusive.

Hours of operation of the City Landfill may be found elsewhere in this report.

Zoning Ordinances are available at City Clerk's Office.

The Municipal Swimming Pool is located at the White Playground off Jackson Avenue.

The Chaffee Art Gallery is located on South Main Street (Route US 7).

The Rutland Free Library and Lawrence Recreation Center are located at the corners of Center and Court Streets.

The Rutland Hospital is located on Allen Street, east of U S 7.

Rutland Mental Health Service, Inc. is located at 78 South Main Street.

The Rutland Historical Society is located on Center Street.

The Board of Aldermen of the City of Rutland meet the first and third Monday of each month at City Hall at 7:30 p.m.

The Board of School Commissioners meets on the second and fourth Tuesday of each month.

Rutland is a central area of the surrounding ski country.

CITY ELECTION day is the first Tuesday in March - March 4, 1980.

Copies of individual city ordinances are available to the public.

There are ice skating rinks located in Rutland.

Power Lawn Mowers — It is a violation of City Ordinance to use power lawn mowers in such a manner that they blow grass or leaves into the street. (R. O. R. Sec. 4462).

Dog Ordinance is to be found elsewhere in this report.

Pee-Wee Hockey, Rutland Fairgrounds, call Recreation Office.

Senior Citizens Center off Woodstock Avenue.

Department of Education

To the Honorable Board of Aldermen:

Previous annual reports have dealt with the matter of declining student enrollment, and the effects of this decline on the school system. This decline, which began in the 1973-74 school year, continued during the 1978-79 school year, and on the basis of current information, continues for the 1979-80 school year. Based upon average daily membership, the most commonly used method of expressing enrollment, the elementary schools declined from 1,629 students in 1977-78 to 1,554 in 1978-79, a decline of 75 students. Fall enrollment figures for the elementary schools indicate a continued decline of about the same magnitude. The junior and senior high schools show a slight increase in enrollment, going from 1,596 resident and 231 non-resident students, or a total of 1,827 in 1977-78 to 1,594 resident and 256 non-resident students, or a total of 1,850 in the 1978-79 school year. The student enrollment decline, which began in the elementary schools, made itself felt in the junior high school in the 1979-80 school year. The junior high school enrollment is down about 120 students this year compared to the 1978-79 school year. This drop represents a decline in both resident and non-resident students. The high school enrollment remains relatively stable, and is expected to remain so until the present 7th grade enters the 10th grade. The above enrollment figures do not include the vocational center which serves 9 high schools. The vocational center enrollment remains approximately the same.

This enrollment decline has important effects on the school system. The amount of general state aid and tuition income from non-resident students is directly affected. The structure of the neighborhood elementary schools, school busing, and staff needs are also effected by enrollment. The junior high school, which went on an extended school day schedule in 1968 to accommodate a growing enrollment, is now on an 8 period day for the first time in ten years. The system will continue to feel the effect of declining enrollment into the next decade. It must be emphasized, however, that declining enrollments and reductions in staff, while enabling the system to reduce expenses, will not balance the effects of inflation. The school budget, just as household budgets, will continue to increase as long as the twin forces of inflation and government requirements continue.

Much has been said about the financial difficulties of the school system in recent years. The Charter increase in the school tax limit of 4.40 in 1974, reassessment of city property, the end-of-year balance carried over to the next fiscal year, and increases in some state aid payments as well as cost cutting measures adopted by the Board, have enabled the system to operate within its tax rate limit. The 1979-80 school budget, however, was seriously and deeply cut, in spite of an increase in general state aid. The budget recommended to the Board of School Commissioners was cut over \$500,00 to enable the

system to live within its income. Among the cuts made were the elimination of elementary art and physical education, the combining of elementary secretaries and library aides into one position, elimination of the dental hygienist, elimination of a school nurse, cutting or roof maintenance and vehicle replacement from the maintenance schedule, as well as many other items which were felt essential to the proper operation of the school system. Had it not been for an unexpected increase in general state aid caused by a new equalized grand list for the state, it would have been necessary to cut an additional \$300,000 from the budget. At this writing it is impossible to predict what changes the general assembly may make in the general state aid formula. What this all means is that the community will have to address the matter of increasing its support to the school system if further erosion of school programming is to be prevented.

The school system continues in its efforts to improve the physical plant and athletic facilities, and to adopt energy saving measures. In August of 1978 the school administrative offices, the curriculum center, the lunch program storage area, the data processing department and the School Commissioners meeting place moved into the renovated Longfellow building. The school department wishes to acknowledge the assistance of the Mayor and the City Planner in obtaining a federal EDA grant to modernize this historic building. The school system also expresses its appreciation to the Rutland Historic Preservation project for its financial contribution to this project. This building, which has served the community so well since 1890, will continue to be an attractive and functional structure for many years to come.

In an effort to provide much needed space and to accommodate the special programs and services offered by the school system, an addition to Northwest school has been proposed, and is now in the planning stages. This addition will serve Title I programs, programs for the handicapped, and improve library facilities at Northwest school.

The school system, and the community, are much in the debt of the "Raider Rooters", an association of citizens interested in promoting the welfare and the spirit of junior and senior high school students. This organization provided the drive, the labor and the finances to make the Woodstock Avenue football field a reality. The first night football game to be played at this facility took place against Brattleboro High School on October 21, 1978. The very deep appreciation of the community is expressed to all those "Raider Rooters," who gave unselfishly of their time to this and other projects, and to their President, Mr. Robert Dikeman. The continued interest of the Board of Aldermen and the Mayor in this project, in the form of revenue sharing support for a track facility at this location, is also gratefully acknowledged. The Woodstock Avenue facility will be a credit to the entire community for many years to come.

The maintenance department continues to implement energy saving measures in the school system. In 1977-78, the school system burned 434,660 gallons of fuel oil. In 1978-79, this was reduced to 340,534 gallons, a decrease of 94,126 gallons. This reduction does not include the savings resulting from the closing of St. Peter's as a public school in June of 1978. This saving resulted from the installation of oil fired hot water heaters, the insulation of

the high school roof, the installation of new outside doors, and other measures which tightened up the buildings. New lights were installed in the two secondary school gyms, replacing the old incandescent lights. It is estimated the savings to be realized will pay for the new fixtures in a two year period. The heating system at the high school continues to be inefficient. This system will have to be updated in the near future if the high school building is to be efficiently heated. The cost for fuel and electricity will continue to consume a large share of the financial resources of the system at the expense of funds for instructional programs.

In the 1978-79 school year several important developments took place in the system's instructional programs. Public Law 94-142, the federal act for the education of all handicapped students, places much additional responsibility on local school systems. The Rutland School system expanded its programs for the handicapped by adding several resource rooms at both the elementary and secondary levels. It is planned to further develop programs for the handicapped in the 1979-80 school year. Title I, a second federal program, has also expanded its services, especially at the secondary level, with programs in basic reading and arithmetic skills. The vocational center continues to provide services to the students of the sending high schools. This year a Student Craft Corporation was set up which will enable students at the center to construct a house from the foundation up. This will offer a significant improvement to the construction trades program at the center. In addition the center is the recipient of a federal grant to offer a water treatment program to students, and adults, of the state, providing training opportunities in this new and growing field. The vocational center continues to increase its services, not only to secondary school students and adults, but to the business community as well. The system continues to improve and refine the basic competency program mandated by the state of Vermont. Beginning with the class of 1981, it will be required that graduating students successfully pass the basic competency examinations.

There is a growing need within the system for increased inservice training programs for all instructional staff, particularly in connection with P.L. 94-142. Plans are being made to expand inservice programs in 1979-80, and 1980-81 school years.

The 1979-80 school year began with a teachers strike, the first such strike in the Rutland system, and the fourth teacher strike in the state of Vermont. At the time of writing this report, the teachers are under a court order to return to work. Several very significant legal issues are involved in the current dispute. Everyone involved sincerely prays that both the legal and collective bargaining issues in dispute may be speedily resolved so the school system and all its staff may devote its energy and attention to the central mission of the system, the offering of quality education programs to the community.

THOMAS G. CHESLEY
Superintendent of Schools

MRS. DOROTHY PLUE
President: Board of School Commissioners

**DEPARTMENT OF EDUCATION - RUTLAND PUBLIC SCHOOLS
PER PUPIL COSTS AND ENROLLMENT
for the School Year ended - June 30, 1979**
